## MORE TROUBLE IN VIENNA, AUSTRIA

Students in the Big Hospitals Are Again Causing Much Trouble.

### AUSTRO-AMERICAN DOCTORS

Explain That It Is Politics and Religion That Causes Unrest.

The Austro-American doctors, when asked as to the cause of the many disturbances of late in the great hospitals of Vienna, say: "It is all politics and religion." And then one of the specialists added: "The reports we get are exaggerated; every little outbreak over there is made much of in this country. However there is one kind of news we get from Vienna that is not exaggerated, namely, the reports of the famous cures effected by the Austrian system of treatment."

The specialists are right in saying that the cures by that marvelous treatment are the greatest in the world, and since we know that it is practically the same as the Austro-American system of treatment we can expect the same results from our specialists here in Omaha. The Austro-American doctors, with the great Austro-American system of treatment, are curing hundreds of people in this section. They are proving the worth of the marvelous treatment by offering to any a month's treatment and medicines absolutely free of cost. All who take treatment before November 20th get this month's treatment, including all medicines free. Men and women suffering with any form of any chronic or nervous disease should, without delay, with these noted specialists. The Austro-American doctors, permanently located fourth floor, Ramey building, opposite Orpheum Theatre.—Adv.
